

Pastoral Leadership in Homiletics

This specialization is designed to enable pastors to gain greater clarity in preaching as a major function of congregational leadership and to develop their preaching gifts and abilities in service to the proclamation of God's work in the world. In addition to the Foundation and Project phase courses listed above, students in this track will enroll in three required courses and one elective arranged by the student, the lead professor and the D.Min. director. These required courses of the Specialization phase are normally taught during the D.Min. Fortnights.
